Brian Quiring

Architect AIBC, Architect MAA, M.Arch., NCARB
Partner, CEO

Brian's industrious disposition, foresight, and decisive action result in an efficient process and effective delivery. Clients can expect a dynamic, engaging, and enthusiastic experience when working with Brian. After graduating in 1992 with a Masters in Architecture, and a Bachelor of Environmental Studies, Brian worked in number of firms before launching his own company in 1998. After three successful years on his own, together with Robert McDonell, they joined to form MQN. Well versed in a variety of Sectors such as recreation, commercial, multi-family residential, educational, and religious, Brian specializes in the design and master planning of sports facilities and automotive dealerships. His strong leadership and enterprising manner ensure a commitment to quality and a practical execution. Brian's management style translates into a proficient outcome - in the administration of both projects and staff. He continues to produce buildings of merit that satisfy the client and benefit the community.
